Application Agreement

I understand that the funding agreed upon will be sent directly to the chosen program/activity unless specific other arrangements have been made.

I understand that I may have to make a deposit to reserve my child's place in the meantime (we hope not, but just in case . . .).

I understand that I'm responsible for getting my child to and from the activity or arranging for such transportation.

I understand that I must provide any required supplies unless specific other arrangements have been made.

I will notify SCFPA right away if my child/youth is moved prior to the beginning of the activity so the slot may be used by another foster child; or, if the child is in another foster home, the family may be contacted to see if they'll provide transportation and supplies for the activity.

I understand that if I have other questions or concerns about the program or about help from the SCFPA, I can contact Andrew Franklin; 803-315-7672 | Drewfrank90@yahoo.com.

I will participate, if asked, in a later phone talk or email exchange with an SCFPA staff member to comment on my child's experience with the activity or program he or she attended.
